### Book launch My Edutainment Book

Dutch creative Designer Petra Haddeman Bullee launched an 'Edutainment Book' for children, to spark creativity and encourage bonding with family and friends. She created 'My Edutainment Book' to **inspire children to read, be active and inquisitive.**

The book is mainly aimed at children between **8 and 12 years old**, but can of course be used by children of all ages! It includes many thought provoking questions, provides meaningful information, stimulates drawings and teaches new games.
